

THE FINAL CURVE K.C.P.E TRIAL -2020

-SCIENCE-Time: 1 hour 40 minutes

READ THESE INSTRUCTIONS CAREFULLY

- 1. You have been given this question booklet and a separate answer sheet. The question booklet contains 50 questions.
- 2. Do any necessary rough work in this booklet.
- 3. When you have chosen your answer mark it on the ANSWER SHEET, not in the question paper.

HOWTOUSETHE ANSWER SHEET.

- 4. Use an ordinary pencil only.
- 5. Make sure that you have written on the answer sheet

YOUR INDEX NUMBER

YOURNAME

NAME OF YOUR SCHOOL

- 6. By drawing a **dark** line inside the correct numbered boxes mark your full Index Number (i.e. School Code Number and the Candidate's Number) in the grid near the top of the answer sheet.
- 7. Do not make any marks outside the boxes.
- 8. Keep your answer sheet as clean as possible and DO NOT FOLD IT.
- 9. For each of the questions 1-50 four answers are given. The answers are lettered A, B, C, D. In each case only **ONE** of the four answers is correct. Choose the correct answer.
- 10. On the answer sheet show the correct answer by drawing **adark line** inside the box in which the letter you have chosen is written.

Example

In the Question Booklet:

14. Which one of the following is **not** a controlled method of grazing?

A. Zero grazin g.

B. Strip grazing.

C.Herding.

D. Tethering.

The correct answer is C.

On the Answer sheet:

In the set of boxes number 14, the box with letter C printed in it is marked.

11. Your dark line **MUST BE** within the box.

- 17. Which one of the following types of teeth is the first to grow and to be shed off in a baby?A B.
 - C.

18. Which one of the following pairs of plants does not have fibrous roots?
A. Maize, Millet
B. Sorghum, Barley
C. French beans, Sun flower
D. Maize, Sorghum

19. The characteristicsbelow are of a certain group of animals (i) They lay eggs (ii) They are cold blooded (iii) Their bodies are covered with dry scales (iv) They breathe through the lungs Which group of animals among the following have these characteristics? Α Β Monkey Snakes Eagle Lizards Crocodile Snake Turtle Apes D

C Turtles D Lizard Chameleon Chameleon Cobra Frog Tortoise Ape

- **20.** Which of the following methods would be used to separate a mixture of salt, sand and iron fillings?
 - A. Magnetic >> dissolving >> filtration ->> evaporation
 - B. Picking >> magnetic -> filtration >>

- 21. Std seven pupils at Sukari Academy had the following materials

 (i) scale
 (ii) thread
 (iii) thin walled bottle
 (iv) wooden stand
 (v) coloured watet
 (vi) glass tube

 Which weather instrument did they construct?

 A. Barometer
 B. Air thermometer
 C. Hygrometer
 D. Anemometer
- 22. Which one of the following properties of clay soil, **mainly** leads to flooding in an area?
 - A. Poor drainage
 - B. High capillarity
 - C. Fine texture
 - D. Colour of the soil particles
- **23.** A child had the following signs and symptoms

(i) ran out of breath very easily
(ii) had white palms and nails
(iii) had a pale face and white eye balls
(iv) looked very weak
Which of the following nutrients was the child lacking?
A.Iron
B. Calcium
C. VitaminD
evaporation

- **41.** External parasites attack all the following parts of an animal **except** A.combs
 - B. wattles
 - C. base of the horn
 - D. heart
- **42.** Use the chart given below to answer the question that follows

- Which one of the following can **correctly** fit at points **b** and **c** respectively?
- A. Platelets and plasma
- B Plasma and platelets
- C. Plasma and veins
- D. Plasma and platelets
- 43. Which of the following materials is opaque?A. Oiled piece of paper
 - B. A sheet of white paper
 - C. Dark coloured polythene paper
 - D. Dark plastic materials
- **44.** Which of the following correctly represents the 3rd, 6th and 7th planets from the sun respectively?
 - A. Earth, Mars and Jupiter
 - B. Venus, Jupiter and Uranus
 - C. Mars, Jupiter and Neptune
 - D. Earth, Saturn and Uranus
- **45.** Which one of the following is a characteristic of an insect pollinated flower?
 - A. The anthers are large and loosely

attached to the filament

46. The diagram below was used to investigate the effect of heat on matter

Bottle	w _{Bubbles}
Stand	w Bubbles Basin
Candle I	Water

Which of the following is **not** true about the observation that was made when the candle was put off?

A. The volume of water in the basin

decreased

- B. The volume of water in the basin increased
- C. Water started rising in the straw

D. The bubbles stopped coming out

- 47. Which one of the following is **not** a change that occurs in adolcescence?
 - A. The skin colour changes
 - B. Appearance of pimples
 - C. Deepening of the voice
 - D. Increase in weight and height
- **48.** The following are characteristics of amphibians **except**
 - A. they have moist skin with no scales
 - B. they are warm blooded
 - C. they are cold blooded
 - D. adult amphibians breathe through the lungs on land
- 49. Which group among the following contains green but non-flowering plants?A. Moss, pine, cedarD. Millet would be available.
 - B. Millet, moulds, yeast
 - C. Cypress, fems, peas
 - D. Puffball, yeast, mushroom
- **50.** The chart below shows a simplified classification of animals Animals
