### INSTRUCTIONS AND INFORMATION

1. Answer FOUR questions as follows in the ANSWER BOOK:

SECTION A: COMPULSORY SECTION B: Answer TWO of the three questions. SECTION C: Answer ONE of the two questions.

- 2. Answer only the required number of questions. Answers in excess of the required number will NOT be marked.
- 3. Number the answers correctly according to the numbering system used in this question paper.
- 4. Write the question number above each answer.
- 5. Read the questions carefully.
- 6. Start EACH question on a NEW page.
- 7. Leave 2–3 lines between subsections of questions.
- 8. Answer the questions in full sentences and ensure that the format, content and context of your responses comply with the cognitive requirements of the questions.
- 9. Use only black or blue ink.
- 10. You may use a non-programmable pocket calculator.
- 11. Write neatly and legibly.

#### **SECTION A (COMPULSORY)**

#### **QUESTION 1**

#### 30 MARKS – 20 MINUTES

- 1.1 Various options are provided as possible answers to the following questions. Choose the answer and write only the letter (A–D) next to the question numbers (1.1.1 to 1.1.8) in the ANSWER BOOK, e.g. 1.1.9 D.
  - 1.1.1 An open economy is best described as a ... sector economy.
    - A one
    - B two
    - C three
    - D four
  - 1.1.2 Investment is an example of a/an ... in the circular flow model.

4.5

#### SECTION C

Answer any ONE of the two questions in this section in the ANSWER BOOK.

Ensure that your answer follows the structure indicated below in order to obtain maximum marks:

STRUCTURE OF ESSAY	MARK ALLOCATION	
Introduction		
The introduction is a lower-order response.	Max. 2	
• A good starting point would be to define the main concept related to the question topic.		
• Do not include any part of the question in your introduction.		
• Do not repeat any part of the introduction in the body.		
Avoid mentioning in the introduction what you are going to discuss in the		
body.		
Body Main part: Discuss in detail/In-depth discussion/Examine/Critically discuss/ Analyse/Compare/Evaluate/Distinguish/Differentiate/Explain	Max. 26	
Additional part: Give own opinion/Critically discuss/Evaluate/Critically evaluate/ Draw a graph and explain/Use the graph given and explain/Complete the given graph/Calculate/Deduce/Compare/Explain/Distinguish/Interpret/Briefly debate/ How/Suggest	Max. 10	
<ul> <li>Conclusion</li> <li>Any higher-order conclusion should include: ÉcoleBooks</li> <li>A brief summary of what has been discussed without repeating facts already mentioned</li> </ul>	Max. 2	
Any opinion or value judgement on the facts discussed		
<ul> <li>Additional support information to strengthen the discussion/analysis</li> </ul>		
A contradictory viewpoint with motivation, if required		
Recommendations		
TOTAL	40	

#### **QUESTION 5: MACROECONOMICS**

#### 40 MARKS – 40 MINUTES

40 MARKS - 40 MINUTES

- Discuss ALL the features underpinning the forecasting of business cycles, excluding the economic indicators.
   (26 marks)
- Why is price stability important to prevent extreme fluctuations in business cycles?
  - (10 marks) **[40]**

[40]

#### **QUESTION 6: ECONOMIC PURSUITS**

- Discuss the demand-side approach in promoting economic growth. (26 marks)
- Evaluate the success of the expanded public works programme to reduce poverty and unemployment. (10 marks)
