The Curriculum and Assessment Policy Statement (CAPS) for History outlines the nature and purpose of the subject History. This guides the philosophy underlying the teaching and assessment of the subject in Grade 12.

The purpose of these Examination Guidelines is to:

- Provide clarity on the depth and scope of the content to be assessed in the Grade 12 National Senior Certificate (NSC) Examination in History.
- Assist teachers to adequately prepare learners for the examinations.

This document deals with the final Grade 12 external examinations. It does not deal in any depth with the School-Based Assessment (SBA).

These Examination Guidelines should be read in conjunction with:

- *The National Curriculum Statement (NCS) Curriculum and Assessment Policy Statement (CAPS): History*
- *The National Protocol of Assessment: An addendum to the policy document, the National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF), regarding the National Protocol for Assessment (Grades R–12)*
- The national policy pertaining to the programme and promotion requirements of the National Curriculum Statement, Grades R–12

2. ASSESSMENT IN GRADE 12

Assessment in the FET phase comprises of essay and source-based questions.

The structure of the examination papers are as follows:

- In the September examination (preparatory) and Final external examinations, Grade 12 learners will be required to write **TWO** question papers of **3 hour** duration each. Both question papers comprises of Section A and Section B.
- Section A consists of **THREE (3)** source-based questions. Candidates will be required to answer at least **ONE SOURCE-BASED** question in each question paper.
- Section B consists of **THREE (3)** essay questions. Candidates will be required to answer at least **ONE ESSAY** question in each question paper.
- Altogether a candidate will be required to answer **THREE** questions, which are as follows:

ONE(1) source-based question and ONE(1) essay question The third question can be either a source-based question or an essay question. Essay and source based questions carry 50 marks each.

- The total mark for each question paper is 150.

3. ASSESSING SOURCE-BASED QUESTIONS

In the assessing of learner's ability to work with historical sources the cognitive levels, the associated historical skills and the weighting of questions across grades must be taken into account. An elaboration is contained in the following table.

COGNITIVE LEVELS	HISTORICAL SKILLS	WEIGHTING OF QUESTIONS	TYPICAL QUESTIONS
LEVEL 1	<ul style="list-style-type: none"> • Extract evidence from sources • Selection and organisation of relevant information from sources • Define historical concepts/terms 	30% (15)	<ul style="list-style-type: none"> • What information in the source tells you about...? • Quote TWO reasons from the source... • What do you understand by the term...?
LEVEL 2	<ul style="list-style-type: none"> • Interpretation of evidence from sources • Explain information gathered from sources • Analyse evidence from sources 	40% (20)	<ul style="list-style-type: none"> • What message does the cartoonist convey regarding...? • Explain in your own words ... • Why do you think...?
LEVEL 3	<ul style="list-style-type: none"> • Interpret and evaluate evidence from sources • Engage with sources to determine its usefulness, reliability, bias and limitations • Compare and contrast interpretations and perspectives presented in sources and draw independent conclusions 	30% (15)	<ul style="list-style-type: none"> • Explain to what extent the evidence in Source 1A... • Compare the evidence in Sources 2A and 2B and explain how you would account for the differences... • Comment on the usefulness/ limitations/ reliability of the information in Sources 3C and 3D...

In the assessment of source-based questions, the following must be taken into account with regard to the **cognitive levels** and the **wording of typical questions**:

- **All Level 1** type questions require learners to extract information from sources and define historical concepts. These questions will carry a maximum of 2 marks. Question verbs that will be used to phrase these source-based questions include amongst others, list, quote, identify, name. Typical questions may be phrased for example: What information in the source tells you about...? Quote FOUR reasons why... What do you understand by the term...?
- **All Level 2** questions require learners to interpret, analyse and engage with evidence from the sources. These questions will carry a maximum of between 4 to 6 marks. Question verbs that may be used to phrase these source-based questions include amongst others, explain, comment, describe and organise information logically from the sources. Typical questions may be phrased for example: What message does the cartoonist convey about...? Explain in your own words ... Why do you think...?
- **All Level 3** questions require learners to explain for example, the different perspectives in sources (compare/contrast), draw conclusions about the reliability and usefulness of sources, etc. These questions will carry a maximum of between 4 to 8 marks and may be assessed using an analytical/holistic rubric. Question verbs that will be used to phrase these source-based questions include amongst others, compare or contrast, evaluate, assess, explain to what extent you would agree/disagree, comment on the reliability of the evidence in a source, explain the usefulness, comment on the consequences, explain the limitations, justify, etc. Typical questions may be phrased for example: Explain to what extent... Compare the evidence in both Sources 1A and 1B and explain how you would account for the differences... Comment on whether...
- Paragraph questions will carry about eight (8) marks and will be assessed using an analytical/ holistic rubric. Questions will be phrased whereby learners would be required to, answer questions on Level 3 skills (compare/contrast; bias; usefulness; reliability). For example: explain the role, impact, causes, effects or significance of a specific historical event that is related to the respective key question. Typical questions may be phrased for example:
 - Using the information from the relevant sources and your own knowledge, write a paragraph explaining the impact/significance of ...
 - Explain why a historian would consider the information in both Sources 1A and 1B useful when studying the consequences of ...
 - In what ways is the cartoonist's view (Source 2C) supported by the evidence presented in the other two sources...
 - Compare the evidence in Sources 3A and 3B and explain how the information in both sources differ regarding the ...
 - Explain why a historian might question the reliability of the evidence in Source 3C ...
 - Comment on the limitations of Source 3D for a historian studying ...

4. ASSESSING ESSAY QUESTIONS

In the writing of essays, learners must be able to structure their argument in a logical and coherent manner. They need to select, organise and connect the relevant information so that they are able to present a reasonable sequence of facts or an effective argument to answer the question posed. It is essential that an essay has an introduction, a coherent and balanced body of evidence and a conclusion. In responding to essay questions learners should be able to:

- Plan and structure an essay
- Demonstrate a thorough knowledge and understanding of the topic
- Select and use relevant information from their own knowledge to answer the question
- Develop and sustain a relevant line of argument
- Write logically and coherently

Typical questions may be phrased using the following descriptors, for example: 'Critically discuss', 'Explain to what extent ...', 'Comment on...', 'Evaluate ...', 'Assess ...'

Keep the PEEL structure in mind when assessing an essay.

P	Point: The candidate introduces the essay by taking a line of argument/making a major point. Each paragraph should include a point that sustains the major point (line of argument) that was made in the introduction.
E	Explanation: The candidate should explain in more detail what the main point is about and how it relates to the question posed (line of argument).
E	Example: The candidates should answer the question by selecting content that is relevant to the line of argument. Relevant examples should be given to sustain the line of argument.
L	Link: Candidates should ensure that the line of argument is sustained throughout the essay and is written coherently.

GLOBAL ASSESSMENT OF ESSAYS: TOTAL MARKS: 50
