FOREWORD BY THE MINISTER

Our national curriculum is the culmination of our efforts over a period of seventeen years to transform the curriculum bequeathed to us by apartheid. From the start of democracy we have built our curriculum on the values that inspired our Constitution (Act 108 of 1996). The Preamble to the Constitution states that the aims of the Constitution are to:

- heal the divisions of the past and establish a society based on democratic values, social justice and fundamental human rights;
 - improve the quality of life of all citizens and free the potential of each person;
 - lay the foundations for a democratic and open society in which government is based on the will of the people and every citizen is equally protected by law; and
- build a united and democratic South Africa able to take its rightful place as a sovereign state in the family of nations.

Education and the curriculum have an important role to play in realising these aims.

In 1997 we introduced outcomes-based education to overcome the curricular divisions of the past, but the experience of implementation prompted a review in 2000. This led to the first curriculum revision: the *Revised National Curriculum Statement Grades R-9* and the *National Curriculum Statement Grades 10-12* (2002).

Ongoing implementation challenges resulted in another review in 2009 and we revised the *Revised National Curriculum Statement* (2002) to produce this document.

From 2012 the two 2002 curricula, for *Grades R-9* and *Grades 10-12* respectively, are combined in a single document and will simply be known as the *National Curriculum Statement Grades R-12*. The *National Curriculum Statement for Grades R-12* builds on the previous curriculum but also updates it and aims to provide clearer specification of what is to be taught and learnt on a term-by-term basis.

The *National Curriculum Statement Grades R-12* accordingly replaces the Subject Statements, Learning Programme Guidelines and Subject Assessment Guidelines with the

- (a) Curriculum and Assessment Policy Statements (CAPS) for all approved subjects listed in this document;
- (b) *National policy pertaining to the programme and promotion requirements of the National Curriculum Statement Grades R-12*; and
- (c) *National Protocol for Assessment Grades R-12*.

A handwritten signature in black ink, appearing to read 'Angie Motshekga'.

MRS ANGIE MOTSHEKGA, MP
MINISTER OF BASIC EDUCATION

SECTION 1

INTRODUCTION TO THE CURRICULUM AND ASSESSMENT POLICY STATEMENTS FOR ACCOUNTING GRADES 10-12**1.1 Background**

The *National Curriculum Statement Grades R-12 (NCS)* stipulates policy on curriculum and assessment in the schooling sector.

To improve implementation, the National Curriculum Statement was amended, with the amendments coming into effect in January 2012. A single comprehensive Curriculum and Assessment Policy document was developed for each subject to replace Subject Statements, Learning Programme Guidelines and Subject Assessment Guidelines in Grades R-12.

1.2 Overview

- (a) The *National Curriculum Statement Grades R-12 (January 2012)* represents a policy statement for learning and teaching in South African schools and comprises the following:
- (i) *Curriculum and Assessment Policy Statements for each approved school subject;*
 - (ii) *The policy document, National policy pertaining to the programme and promotion requirements of the National Curriculum Statement Grades R-12; and*
 - (iii) *The policy document, National Protocol for Assessment Grades R-12 (January 2012).*
- (b) The *National Curriculum Statement Grades R-12 (January 2012)* replaces the two current national curricula statements, namely the
- (i) *Revised National Curriculum Statement Grades R-9, Government Gazette No. 23406 of 31 May 2002, and*
 - (ii) *National Curriculum Statement Grades 10-12 Government Gazettes, No. 25545 of 6 October 2003 and No. 27594 of 17 May 2005.*
- (c) The national curriculum statements contemplated in subparagraphs b(i) and (ii) comprise the following policy documents which will be incrementally repealed by the *National Curriculum Statement Grades R-12 (January 2012)* during the period 2012-2014:
- (i) *The Learning Area/Subject Statements, Learning Programme Guidelines and Subject Assessment Guidelines for Grades R-9 and Grades 10-12;*
 - (ii) *The policy document, National Policy on assessment and qualifications for schools in the General Education and Training Band d, promulgated in Government Notice No. 124 in Government Gazette No. 29626 of 12 February 2007;*
 - (iii) *The policy document, the National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF), promulgated in Government Gazette No.27819 of 20 July 2005;*

- (iv) *The policy document, An addendum to the policy document, the National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF), regarding learners with special needs, published in Government Gazette, No.29466 of 11 December 2006, is incorporated in the policy document, National policy pertaining to the programme and promotion requirements of the National Curriculum Statement Grades R-12; and*
- (v) *The policy document, An addendum to the policy document, the National Senior Certificate: A qualification at Level 4 on the National Qualifications Framework (NQF), regarding the National Protocol for Assessment (Grades R-12), promulgated in Government Notice No.1267 in Government Gazette No. 29467 of 11 December 2006.=*
- (d) The policy document, *National policy pertaining to the programme and promotion requirements of the National Curriculum Statement Grades R-12*, and the sections on the Curriculum and Assessment Policy as contemplated in Chapters 2, 3 and 4 of this document constitute the norms and standards of the *National Curriculum Statement Grades R-12*. It will therefore, in terms of *section 6A* of the *South African Schools Act, 1996 (Act No. 84 of 1996)*, form the basis for the Minister of Basic Education to determine minimum outcomes and standards, as well as the processes and procedures for the assessment of learner achievement to be applicable to public and independent schools.

1.3 General aims of the South African Curriculum

- (a) The *National Curriculum Statement Grades R-12* gives expression to the knowledge, skills and values worth learning in South African schools. This curriculum aims to ensure that children acquire and apply knowledge and skills in ways that are meaningful to their own lives. In this regard, the curriculum promotes knowledge in local contexts, while being sensitive to global imperatives.
- (b) The National Curriculum Statement Grades R-12 serves the purposes of:
- equipping learners, irrespective of their socio-economic background, race, gender, physical ability or intellectual ability, with the knowledge, skills and values necessary for self-fulfilment, and meaningful participation in society as citizens of a free country;
 - providing access to higher education;
 - facilitating the transition of learners from education institutions to the workplace; and
 - providing employers with a sufficient profile of a learner's competences.
- (c) The National Curriculum Statement Grades R-12 is based on the following principles:
- Social transformation: ensuring that the educational imbalances of the past are redressed, and that equal educational opportunities are provided for all sections of the population;
 - Active and critical learning: encouraging an active and critical approach to learning, rather than rote and uncritical learning of given truths;
 - High knowledge and high skills: the minimum standards of knowledge and skills to be achieved at each grade are specified and set high, achievable standards in all subjects;
 - Progression: content and context of each grade shows progression from simple to complex;

- Human rights, inclusivity, environmental and social justice: infusing the principles and practices of social and environmental justice and human rights as defined in the Constitution of the Republic of South Africa. The National Curriculum Statement Grades R-12 is sensitive to issues of diversity such as poverty, inequality, race, gender, language, age, disability and other factors;
 - Valuing indigenous knowledge systems: acknowledging the rich history and heritage of this country as important contributors to nurturing the values contained in the Constitution; and
 - Credibility, quality and efficiency: providing an education that is comparable in quality, breadth and depth to those of other countries.
- (d) The National Curriculum Statement Grades R-12 aims to produce learners that are able to:
- identify and solve problems and make decisions using critical and creative thinking;
 - work effectively as individuals and with others as members of a team;
 - organise and manage themselves and their activities responsibly and effectively;
 - collect, analyse, organise and critically evaluate information;
 - communicate effectively using visual, symbolic and/or language skills in various modes;
 - use science and technology effectively and critically showing responsibility towards the environment and the health of others; and
 - demonstrate an understanding of the world as a set of related systems by recognising that problem solving contexts do not exist in isolation.
- (e) Inclusivity should become a central part of the organisation, planning and teaching at each school. This can only happen if all teachers have a sound understanding of how to recognise and address barriers to learning, and how to plan for diversity.

The key to managing inclusivity is ensuring that barriers are identified and addressed by all the relevant support structures within the school community, including teachers, District-Based Support Teams, Institutional-Level Support Teams, parents and Special Schools as Resource Centres. To address barriers in the classroom, teachers should use various curriculum differentiation strategies such as those included in the Department of Basic Education's *Guidelines for Inclusive Teaching and Learning* (2010).

1.4 Time Allocation

1.4.1 Foundation Phase

(a) The instructional time in the Foundation Phase is as follows:

SUBJECT	GRADE R (HOURS)	GRADES 1-2 (HOURS)	GRADE 3 (HOURS)
Home Language	10	8/7	8/7
First Additional Language		2/3	3/4
Mathematics	7	7	7
Life Skills	6	6	7
• Beginning Knowledge	(1)	(1)	(2)
• Creative Arts	(2)	(2)	(2)
• Physical Education	(2)	(2)	(2)
• Personal and Social Well-being	(1)	(1)	(1)
TOTAL	23	23	25

(b) Instructional time for Grades R, 1 and 2 is 23 hours and for Grade 3 is 25 hours.

(c) Ten hours are allocated for languages in Grades R-2 and 11 hours in Grade 3. A maximum of 8 hours and a minimum of 7 hours are allocated for Home Language and a minimum of 2 hours and a maximum of 3 hours for Additional Language in Grades 1-2. In Grade 3 a maximum of 8 hours and a minimum of 7 hours are allocated for Home Language and a minimum of 3 hours and a maximum of 4 hours for First Additional Language.

(d) In Life Skills Beginning Knowledge is allocated 1 hour in Grades R - 2 and 2 hours as indicated by the hours in brackets for Grade 3.

1.4.2 Intermediate Phase

(a) The instructional time in the Intermediate Phase is as follows:

SUBJECT	HOURS
Home Language	6
First Additional Language	5
Mathematics	6
Natural Sciences and Technology	3,5
Social Sciences	3
Life Skills	4
• Creative Arts	(1,5)
• Physical Education	(1)
• Personal and Social Well-being	(1,5)
TOTAL	27,5

1.4.3 Senior Phase

(a) The instructional time in the Senior Phase is as follows:

SUBJECT	HOURS
Home Language	5
First Additional Language	4
Mathematics	4,5
Natural Sciences	3
Social Sciences	3
Technology	2
Economic Management Sciences	2
Life Orientation	2
Creative Arts	2
TOTAL	27,5

1.4.4 Grades 10-12

(a) The instructional time in Grades 10-12 is as follows:

SUBJECT	TIME ALLOCATION PER WEEK (HOURS)
Home Language	4.5
First Additional Language	4.5
Mathematics	4.5
Life Orientation	2
A minimum of any three subjects selected from Group B Annexure B, Tables B1-B8 of the policy document, <i>National policy pertaining to the programme and promotion requirements of the National Curriculum Statement Grades R-12</i> , subject to the provisos stipulated in paragraph 28 of the said policy document.	12 (3x4h)
TOTAL	27,5

The allocated time per week may be utilised only for the minimum required NCS subjects as specified above, and may not be used for any additional subjects added to the list of minimum subjects. Should a learner wish to offer additional subjects, additional time must be allocated for the offering of these subjects.

SECTION 2

2.1 What is Accounting?

Accounting focuses on measuring performance, and processing and communicating financial information about economic sectors. This discipline ensures that principles such as ethical behaviour, transparency and accountability are adhered to. It deals with the logical, systematic and accurate selection and recording of financial information and transactions, as well as the compilation, analysis, interpretation and communication of financial statements and managerial reports for use by interested parties.

The subject encompasses accounting knowledge, skills and values that focus on the **financial accounting**, **managerial accounting** and **auditing** fields. These fields cover a broad spectrum of accounting concepts and skills to prepare learners for a variety of career opportunities.

The table below indicates the three main topics and corresponding topics in Accounting curriculum.

Weighting of curriculum	Topic
<i>Financial Accounting</i> (weighting 50% to 60%)	1. Accounting concepts
	2. GAAP principles
	3. Bookkeeping
	4. Accounting equation
	5. Final accounts and financial statements
	6. Salaries and wages
	7. Value-Added Tax
	8. Reconciliations
<i>Managerial Accounting</i> (weighting 20% to 25%)	9. Cost accounting
	10. Budgeting
<i>Managing Resources</i> (weighting 20% to 25%)	11. Indigenous bookkeeping systems
	12. Fixed assets
	13. Inventory
	14. Ethics
	15. Internal control

2.2 The purpose of Accounting**Accounting learners will be able to:**

- record, analyse and interpret financial and other relevant data in order to make informed decisions;
- present and/or communicate financial information effectively by using generally accepted accounting practice in line with current developments and legislation;
- develop and demonstrate an understanding of fundamental accounting concepts;
- relate skills, knowledge and values to real-world situations in order to ensure the balance between theory and practice, to enter the world of work and/or to move to higher education, and to encourage self-development;

- organise and manage own finances and activities responsibly and effectively;
- apply principles to solve problems in a judicious and systematic manner in familiar and unfamiliar situations, thus developing the ability to identify and solve problems in the context of the various fields of Accounting;
- develop critical, logical, and analytical abilities and thought processes to enable learners to apply skills to current and new situations;
- develop the following characteristics:
 - ethical behaviour
 - sound judgement
 - thoroughness
 - orderliness
 - accuracy
 - neatness;
- deal confidently with the demands of an accounting occupation manually and/or electronically.

2.3 Time allocation for Accounting in the curriculum

The teaching time for Accounting is 4 hours per week, per grade on the timetable, that is, for Grades 10, 11 and 12.

2.4 Requirements to offer Accounting as a subject

It is the **responsibility of the school** to provide the resources to offer Accounting as a subject.

- (a) Each learner should have:
- a textbook
 - Accounting stationery or workbook
 - a calculator.
- (b) The teacher should have:
- a variety of textbooks for reference
 - policies, e.g. summary of King Code III
 - partnership agreement
 - legislation, e.g. Companies Act 71 of 2008
 - codes of professional bodies, e.g. SAICA and SAIPA Codes
 - SARS brochures
 - bank brochures
 - access to a computer and the internet.

SECTION 3

3.1 Overview of topics

GRADE 10	
Term	Topic
1	Indigenous bookkeeping Ethics (introduction) GAAP principles Internal control (introduction) Bookkeeping of sole trader: recording of cash transactions (CRJ, CPJ, PCJ); General Ledger, Trial Balance; Accounting equation Bookkeeping of sole trader: recording of credit: transactions (DJ, DAJ, CJ, CAJ, GJ); Ledgers, Debtors' and Creditors' lists, Trial Balance; Accounting equation Bookkeeping of sole trader: recording of cash and credit transactions (combined)
2	VAT Salaries and wages Final Accounts - sole trader: year-end adjustments, General Ledger including Final Accounts Section, Trial Balances
3	Financial statements - sole trader Adjustments, closing transfers, General Ledger, Income Statement, Balance Sheet, Notes to financial statements Analysis and interpretation of financial statements and notes
4	Cost accounting: manufacturing concepts Budgeting
GRADE 11	
Term	Topic
1.	Reconciliations Fixed assets Partnerships: adjustments, General Ledger, Accounting equation, final accounts, financial statements
2.	Partnerships: analysis and interpretation Clubs: concepts, Ledger, Statement of Receipts and Payments
3.	Cost Accounting: calculations, General Ledger Budgeting: Projected Income Statement, debtors' collection, creditors' payments, Cash Budget Inventory systems
4.	Value Added Tax (VAT)

GRADE 12	
Term	Topic
1.	Companies: unique transactions Companies - final accounts, financial statements and notes (Income Statement, Balance Sheet, Cash Flow Statement) Companies - analysis and interpretation Companies - analysis of published financial statements and audit reports
2.	Ethics Fixed assets Close corporations Internal control Inventory systems Reconciliations Value Added Tax (VAT)
3.	Cost Accounting: Production Cost Statement with notes Trading and Profit and Loss Statement, unit costs, break-even Budgeting
4.	Revision and examination preparation

3.2 Teaching Plan

3.2.1 Summary of Grade 10 Annual Teaching Plan

Term 1										
Topic	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10
	Indigenous bookkeeping		Ethics (intro) GAAP principles	Internal control (intro)	Bookkeeping of sole trader: recording of cash transactions (CRJ, CPJ, PCJ); General Ledger, Trial Balance; Accounting equation			Bookkeeping of sole trader: recording of credit transactions (DJ, DAJ, CJ, CAJ, GJ); Ledgers; Debtors' and Creditors' lists; Trial Balance; Accounting equation		Bookkeeping of sole trader: recording of cash and credit transactions (combined)
Assessment	Presentation			Informal	Test

Assessment	Informal									Final examination

3.2.2 Annual Teaching Plan Grade 10

GRADE 10

TERM 1

Week/hour	Topic	Content	Recommended resources
2 weeks (Weeks 1-2)	1. Informal or indigenous bookkeeping systems	<p>Comparison of the bookkeeping systems of the informal and formal sectors:</p> <ul style="list-style-type: none"> • concepts: capital; fixed assets; stock; cost price; labour cost; selling price; income; expenses and profit. • management of resources (capital, fixed assets, stock, etc.) <p>Process of determining selling prices, cost of sales, labour costs, income and expenses</p>	<p>Access to an owner of an informal business</p> <p>Questionnaire</p>
1 week (Week 3)	2. Ethics	<p>Explanation of the code of ethics applicable to all parties in the financial environment:</p> <ul style="list-style-type: none"> • code of ethics • basic principles of ethics (leadership, discipline, transparency, accountability, fairness, sustainability, responsible management) <p><i>Ethics should be integrated with other topics.</i></p>	<p>Worksheet</p> <p>Case studies/ scenarios</p> <p>Newspaper articles</p>
Introduce during weeks 2-3	3. GAAP principles	<p>Definition and explanation of Generally Accepted Accounting Practice (GAAP) principles:</p> <ul style="list-style-type: none"> • historical cost • prudence <ul style="list-style-type: none"> - materiality - business entity rule - going concern - matching <p><i>Apply to all the relevant topics and link to topic 1 and 2.</i></p>	<p>Worksheet</p> <p>Textbook</p>
1 week (Week 4)	4. Internal control	<p>Definition and explanation of what is meant by internal control</p> <p>Identification and explanation of basic internal control processes: Control environment; risk assessment; control activity supported by policy and procedures; information system and communication methods and monitoring performance.</p> <p><i>Internal control should be integrated with other topics.</i></p>	<p>Worksheet</p> <p>Case studies</p> <p>Newspaper articles</p>

Week/hour	Topic	Content	Recommended resources
6 weeks (Weeks 5-10)	5. Financial Accounting of a sole trader	Definition and explanation of accounting concepts up to financial statements: sole trader; debit; credit; equity; capital; assets; liabilities; ledger; journal; profit; loss; Value Added Tax (VAT); income/revenue; expenses; final accounts; financial statements; discounts; Accounting Cycle; Financial Accounting; Managerial Accounting; perpetual inventory system.	Blank source documents Accounting stationery Textbooks
	Bookkeeping of a sole trader	Accounting cycle based on perpetual inventory system: <ul style="list-style-type: none"> • revision of Grade 9 content • source documents • principles of Double Entry System • journals <ul style="list-style-type: none"> - Cash Receipts Journal - Cash Payments Journal (including loans, fixed deposits, interest income and interest expense, dishonoured cheques, discount allowed and discount received) - Debtors' Journal, Creditors' Journal, Debtors' Allowances Journal, Creditors' Allowances Journal - Petty Cash Journal - General Journal (including bad debts, cancellations of discount on dishonoured cheques, interest on overdue accounts, corrections of errors) • Posting to General, Debtors' and Creditors' Ledgers • Trial Balance • Preparation of debtors' and creditors' lists to reconcile with the debtors' and creditors' control accounts (including correction of errors and omissions) <p><i>Note: The transactions on the acquisition of fixed assets and the fixed assets register for the purpose of internal control are important.</i></p>	Completed source documents for project <i>Optional:</i> computers and software
	Accounting equation	Analysis and an indication of the effect of transactions on the accounting equation of a sole trader All transactions affecting a sole trader up to financial statements <i>This topic needs to be integrated with all the appropriate topics throughout the year.</i>	

Term 1: Formal assessment

Form of assessment	Presentation (Indigenous bookkeeping)	Test
Total marks	50	100

A test should cover the content dealt with during the term.

Daily assessment is important to monitor teaching and learning

The project should be given to learners during the first term (week 6) and learners need to submit it during week 2 of the second term. The project content is covered during term 1.

GRADE 10

TERM 2

Week/hour	Topic	Content	Recommended resources
1 week (Week 1)	1. Value Added Tax (VAT)	<p>Explanation of the basic concepts of VAT:</p> <ul style="list-style-type: none"> • need for VAT • purpose of VAT • principles of VAT • zero-rated items • VAT-exempted items • VAT-able items • current VAT rate 	Textbook
2 weeks (Weeks 2-3)	2. Salaries and Wages Journal	<p>Explanation, calculation and recording of salary and/or wage scales and payments in the journals and post to the ledger; this can be done manually or on a computerised spreadsheet.</p> <ul style="list-style-type: none"> • Normal time • Overtime • Deductions <ul style="list-style-type: none"> - PAYE - Pension fund - Unemployment Insurance Fund - Medical aid - Union membership • Employer contributions <ul style="list-style-type: none"> - Pension fund - Unemployment Insurance Fund - Medical aid - Skills development levy <p>Accounting equation</p> <p>Ethical conduct related to salaries and wages, e.g. contracts, payment in line with responsibilities, role of unions</p>	<p>Textbook</p> <p>Accounting stationery</p> <p>Newspaper articles (current and relevant ethical issues)</p> <p><i>Optional:</i> <i>computers and software (spreadsheet)</i></p>

Week/hour	Topic	Content	Recommended resources
4 weeks (Weeks 4-7)	3. Financial Accounting of a sole trader	<p>Preparation of final accounts of a sole trader taking into account year-end adjustments</p> <p>Related concepts</p> <p>Application of GAAP principles</p> <p>Accounting equation</p> <p>Pre-adjustment Trial Balance</p> <p><i>Year-end adjustments:</i></p> <ul style="list-style-type: none"> • trading stock deficit/surplus • consumable stores on hand • depreciation (on cost price/straight line, on diminishing balance methods) • bad debts • bad debts recovered (Including receipts from solvent estates) • correction of errors/omissions • accrued income (receivable) • income received in advance (deferred) • expenses prepaid • accrued expenses (payable). • Interest on mortgage bond (capitalised) <p>Post-adjustment Trial Balance</p> <p>Closing transfers</p> <p><i>Final accounts:</i></p> <ul style="list-style-type: none"> • Trading Account • Profit and Loss Account <p>Post-closing Trial Balance</p> <p>Reversal of certain yearend adjustments at beginning of next financial period, i.e. accruals, income received in advance and prepayments.</p>	Textbook Accounting stationery
1 week (Week 8)	Revision exercises	Revision of all topics covered during the first two terms	Textbook exercises
2 weeks (Weeks 9-10)	Midyear examination		

Term 2: Formal assessment		
Form of assessment	Project (bookkeeping)	Mid-year examination
Marks	50	200

The content dealt with during terms 1 and 2 should be revised for the mid-year examination.

GRADE 10

TERM 3

Week/hour	Topic	Content	Recommended resources
6 weeks (Weeks 1-6)	1. Financial accounting of a sole trader - preparation of financial statements	Preparation of financial statements of a sole trader taking into account yearend adjustments Related concepts Application of GAAP principles Accounting equation <i>Year-end adjustments:</i> <ul style="list-style-type: none"> • trading stock deficit/surplus • consumable stores on hand • depreciation (on cost price/straightline, on diminishing balance. methods) • bad debts • bad debts recovered (Including receipt from insolvent estate) • correction of errors/omissions • accrued income (receivable) • income received in advance (deferred) • expenses prepaid • accrued expenses (payable). <i>Financial statements and notes:</i> <ul style="list-style-type: none"> • Income Statement • Balance Sheet 	Textbook Accounting stationery
2 weeks (Weeks 7-9)	2. Financial Accounting of a sole trader - analysis and interpretation of financial statements	Analysis and interpretation of financial statements and notes: <ul style="list-style-type: none"> • gross profit on sales • gross profit on cost of sales • net profit on sales • operating expenses on sales • operating profit on sales • current ratio • acid test ratio • solvency ratio • return on equity 	Textbook Accounting stationery
1 week (Week 10)	Revision exercises	Revise topics covered during the term.	Textbook exercises

Term 3: Formal assessment

Form of assessment	Case study	Test
Total marks	50	100

A test should cover the content dealt with during the term.

Daily assessment is important to monitor teaching and learning.

GRADE 10

TERM 4

Week/hour	Topic	Content	Recommended resources
1 week (Week 1)	1. Cost Accounting	Definition and explanation of basic cost concepts: <ul style="list-style-type: none"> • direct labour • indirect labour • direct materials (raw materials) • indirect materials • factory overhead costs • Prime cost • variable costs • fixed costs • workinprocess. Application of principles of internal control Ethical behaviour related to a manufacturing business	Textbook Accounting stationery
1 week (Week 2)	2. Budgeting	Define and explain basic budgeting concepts: <ul style="list-style-type: none"> • cash budget • zerobased budget • capital budget • longterm budget • mediumterm budget. 	Textbook Accounting stationery
4 weeks (Weeks 3-6)	Revision exercises	<i>Revise all topics in preparation for final examinations.</i>	Textbook exercises Accounting stationery
2 weeks		Endofyear examination	

Term 4		
Year-mark	End-of-year examination	Total
100	300	400

3.2.3 Summary of Annual Teaching Plan Grade 11

GRADE 11

Term 1										
	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10

Topic	Value Added Tax (VAT)						Examination			Admin and planning for the following year
Assessment	Informal						Final examination			

3.2.4 Annual Teaching Plan Grade 11

GRADE 11

TERM 1

Week/hour	Topic	Content	Recommended resources
Continuously throughout the year	1. Ethics	<p>Identification and analysis of ethical behaviour applicable to financial environments with reference to accountability, transparency and sustainability</p> <p><i>This topic should be integrated with other topics using appropriate scenarios.</i></p>	<p>Case studies</p> <p>Newspaper articles</p> <p>Textbook</p>
Continuously throughout the year	2. Internal control	<p>Demonstration of the knowledge of internal audit processes:</p> <ul style="list-style-type: none"> • definition and explanation of what is meant by an internal audit • knowledge of the difference between internal control and an internal audit, the role of the internal auditor, division of duties, documentation and physical controls • identification of internal audit procedures relating to: <ul style="list-style-type: none"> - handling of cash - buying and selling on credit - stock - debtors - creditors. <p><i>This topic should be integrated with other topics.</i></p>	<p>Case studies</p> <p>Newspaper articles</p> <p>Textbook</p>

Week/hour	Topic	Content	Recommended resources
3 weeks (Weeks 1-3)	3. Reconciliations	<p>Reconciliation of bank statements with cash journals in order to prepare bank reconciliation statements:</p> <ul style="list-style-type: none"> • outstanding deposits • cheques not yet presented for payment • stop/debit orders • direct transfers • bank charges • interest received or charged • correction of errors or omissions • cheques R/D or cancelled • post-dated cheques received/issued. <p>Reconciliation of statements received from creditors with accounts in Creditors' Ledger of a business in order to prepare creditors' reconciliation statements:</p> <ul style="list-style-type: none"> • outstanding invoices or credit notes • outstanding payments • discounts not recorded • correction of errors or omissions. <p>Integration of issues of internal control Integration of ethical issues</p>	Textbooks Bank statements Bank brochures
3 weeks (Weeks 4-6)	4. Tangible/ fixed assets	<p>Understanding the concept of a tangible/fixed asset register</p> <p>Recording the acquisition of tangible/fixed assets</p> <p>Calculation and recording of depreciation</p> <ul style="list-style-type: none"> • on cost price (straightline method) • diminishing balance method. <p>Understanding how tangible/fixed assets are recorded when they are fully depreciated</p> <p>Recording the disposal of tangible/fixed assets (cash, credit, trade-in):</p> <ul style="list-style-type: none"> • at the beginning of a financial year • during a financial year • at the end of a financial year. <p>Integration of issues of internal control - control measures over fixed assets</p> <p>Integration of ethical issues relating to fixed assets - responsible use of fixed assets</p>	Textbooks Newspaper adverts and articles

Week/hour	Topic	Content	Recommended resources
4 weeks (Weeks 7-10)	5. Financial Accounting of partnerships - preparation	Definition and explanation of accounting concepts unique to partnerships: <ul style="list-style-type: none"> • Partnership • capital accounts • current accounts • interest on capital • salaries to partners • bonus to partners • division of profits/losses. 	Textbooks Examples of partnership agreements Accounting stationery
	GAAP principles	Definition and explanation of Generally Accepted Accounting Practice (GAAP) principles: <ul style="list-style-type: none"> • historical cost • prudence • materiality • business entity rule • going concern • matching 	
	Bookkeeping of a partnership	Accounting cycle of partnerships: <ul style="list-style-type: none"> • documents and journals • Post to the Ledger • Trial Balance Preparation of final accounts and financial statements of a partnership taking into account yearend adjustments Accounting equation <i>Year-end adjustments:</i> <ul style="list-style-type: none"> • trading stock deficit/surplus • consumable stores on hand • depreciation (on cost price/ straightline, on diminishing balance methods) • bad debts • bad debts recovered (Including receipts from solvent estates) • correction of errors/omissions • accrued income (receivable) • income received in advance (deferred) • expenses prepaid • accrued expenses (payable) • provision for bad debts • salaries to partners • bonus to partners • interest on capital • Interest on loan (Capitalized) • appropriation of profit/loss. 	

Week/hour	Topic	Content	Recommended resources
		<p><i>Final accounts:</i></p> <ul style="list-style-type: none"> • Trading account • Profit and Loss account • Appropriation account <p><i>Reversal of certain yearend adjustments at beginning of next financial period, i.e. accruals, income received in advance and prepayments</i></p> <p><i>Financial statements and notes:</i></p> <ul style="list-style-type: none"> • Income Statement • Balance Sheet 	

Term 1: Formal assessment		
Form of Assessment	Written report	Test
Total marks	50	100

Note:

A test should cover the content dealt with during the term.

Daily assessment is important to monitor teaching and learning.

Teachers should give the project to learners in term 1 (week 5) and instruct learners to submit it in term 2. This will give learners ample time to complete the project. Part of the project content is covered in term 1 and another part in term 2.

GRADE 11

TERM 2

Week/hour	Topic	Content	Recommended resources
3 weeks (Weeks 1-3)	1. Financial accounting of partnerships - analysis and interpretation	<p>Analysis and interpretation of financial statements and notes</p> <p>Revision of the following:</p> <ul style="list-style-type: none"> gross profit on sales gross profit on cost of sales net profit on sales operating expenses on sales operating profit on sales solvency ratio current ratio acid test ratio <p>Introduction to and covering of the following:</p> <ul style="list-style-type: none"> stock turnover rate stock holding period average debtors' collection period average creditors' payment period debt-equity ratio (gearing) partners' earnings return on partners' equity 	Textbook
4 weeks (Weeks 4-7)	2. Financial accounting of nonprofit organisations (clubs)	<p>Definition and explanation of accounting concepts unique to nonprofit organisations (clubs):</p> <ul style="list-style-type: none"> nonprofit organisations constitution accumulated fund membership fees entrance fees affiliation fees honorarium surplus deficit <p>Accounting cycle for non-profit organisations (clubs):</p> <ul style="list-style-type: none"> preparation of Analysis Cash Book posting to the Ledger (particularly accounts unique to nonprofit organisations, viz. Accumulated Fund, membership fees, entrance fees, stock accounts, e.g. refreshments, ties, rugby jerseys) drafting of a Trial Balance preparation of Statement of Receipts and Payments understanding of differences between receipts & income and; payments & expenses 	Textbook Constitutions of clubs Accounting stationery

Week/hour	Topic	Content	Recommended resources
1 week (Week 8)	Revision exercises	<i>Revise topics covered during first two terms.</i>	Textbook exercises
2 Weeks (Weeks 9-10)		Midyear examination	

Term 2: Formal assessment		
Form of assessment	Project	Midyear examinations
Marks	50	300

Daily assessment is important to monitor teaching and learning

The content dealt with for term 1 and 2 should be revised for the mid-year examination.

GRADE 11

TERM 3

Week/hour	Topic	Content	Recommended resources
4 weeks (Weeks 1-4)	1. Cost Accounting	<p>Calculation of the following costs in a manufacturing environment:</p> <ul style="list-style-type: none"> • variable and fixed costs • the cost of a product using variable and fixed costs • unit cost • contribution per unit • Breakeven point. <p>Preparation of ledger accounts of a manufacturing business</p> <p><i>Balance Sheet Section:</i></p> <ul style="list-style-type: none"> • raw material stock • workinprogress stock • finished goods stock • consumable stores stock (indirect materials). <p><i>Nominal Accounts Section:</i></p> <ul style="list-style-type: none"> • sales • cost of sales • raw materials issued • factory wages • factory electricity • factory rent • depreciation on factory equipment, etc. <p><i>Cost Accounts Section:</i></p> <ul style="list-style-type: none"> • direct (raw) materials cost • direct labour cost • factory overhead cost • administration cost • selling and distribution cost. <p>Integration of ethical issues related to a manufacturing environment</p> <p>Integration of internal audit and internal control issues related to a manufacturing environment</p>	Textbook

Week/hour	Topic	Content	Recommended resources
3 weeks (Weeks 5-7)	2. Budgeting	Preparation and presentation of a cash budget for sole traders: <ul style="list-style-type: none"> projected receipts and payments projected debtors' collection projected creditors' payments Cash Budget. Preparation and presentation of Projected Income Statement <ul style="list-style-type: none"> projected revenue and expenditure. Integration of ethical issues Integration of internal audit and internal control issues	Textbook Accounting stationery
2 weeks (Weeks 8-9)	3. Inventory systems	Definition and explanation of the following stock systems: <ul style="list-style-type: none"> Perpetual stock system Periodic stock system Knowledge of the advantages and disadvantages of the periodic and perpetual stock systems Recording of transactions using the periodic stock system in the journals and ledgers, comparing it with the perpetual stock system: <ul style="list-style-type: none"> purchases account as opposed to Trading Stock account Opening Stock and Closing Stock accounts Trading account carriage on purchases custom and import duties. 	Textbook Accounting stationery
1 week Week 10	Revision exercises	Revision of term's work	Textbook exercises

Term 3: Formal assessment		
Form of assessment	Presentation	Test
Total marks	50	100

A test should cover the content covered during the term.

Daily assessment is important to monitor teaching and learning.

GRADE 11

TERM 4

Week/hour	Topic	Content	Recommended resources
2 weeks (Week 1-2)	1. Value Added Tax (VAT)	Perform VAT calculations: <ul style="list-style-type: none"> • use current rate • add VAT to cost price plus markup amount • calculate VAT from VAT-inclusive amount • invoice or receipt base. Understand the effect of bad debts, discounts and goods returned on VAT Integrate ethics relating to VAT - VAT fraud, etc. Integrate internal audit and internal control processes over collection of VAT from customers and payment of VAT to SARS.	Textbook Accounting stationery Newspaper articles
4 weeks (Weeks 3-6)	Revision exercises	Revision of all topics in preparation for final examination	Textbook exercises
		Endofyear examination	

Term 4

3.2.6 Grade 12 Annual Teaching Plan

GRADE 12

TERM 1

Week/Hour	Topic	Content	Recommended Resources
2 weeks (Weeks 1-2)	1. Financial accounting of companies - concepts and unique ledger accounts	<p>Definition and explanation of accounting concepts unique to companies:</p> <ul style="list-style-type: none"> • companies - public and private • Companies Act • Registrar of Companies - Registration certificate • Memorandum of Incorporation • income tax/provisional income tax • dividends • shares • issue price • earnings • shareholders • directors • auditors • limited liability • separation of ownership from control • retained income • authorised share capital • issued share capital • Johannesburg Securities Exchange (JSE) 	Textbook Accounting stationery
	GAAP principles	<p>Definition and explanation of International Financial Reporting Standards (IFRS) and Generally Accepted Accounting Practice (GAAP)</p> <p>Definition and explanation of the following specific GAAP principles:</p> <ul style="list-style-type: none"> • historical cost • prudence • materiality • business entity rule • going concern • matching 	

Week/Hour	Topic	Content	Recommended Resources
	Bookkeeping of companies	Accounting cycle for a company: <ul style="list-style-type: none"> • journals • ledger accounts • Trial Balance Transactions include: <ul style="list-style-type: none"> • issuing of shares at issue price (note that par value and share premium no longer exist in terms of the Companies Act) • buying back of shares • loans and interest (note: interest on a mortgage loan is capitalised) • income tax • dividends • directors' fees • audit fees. 	
5 weeks (Weeks 3-7)	2. Financial accounting of companies - preparation of final accounts and financial statements	Preparation of final accounts and detailed financial statements of a company taking into account yearend adjustments. <p><i>Year end adjustments:</i></p> <ul style="list-style-type: none"> • trading stock deficit/surplus • consumable stores on hand • depreciation (on cost price/straight line, on diminishing balance methods) • bad debts • bad debts recovered (Including receipts from solvent estates) • correction of errors/omissions • accrued income (receivable) • income received in advance (deferred) • expenses prepaid • accrued expenses (payable) • provision for bad debts • adjustments related to income tax • adjustments related to the payment and declaration of dividends. <p><i>Final accounts:</i></p> <ul style="list-style-type: none"> • Trading account • Profit and Loss account • Appropriation account <p><i>Reversal of certain adjustments, i.e. accruals, income received in advance, and prepayments</i></p>	Textbook Accounting stationery

Week/Hour	Topic	Content	Recommended Resources
		<p><i>Financial statements and notes:</i></p> <ul style="list-style-type: none"> • Income Statement • Balance Sheet • Cash Flow Statement <p>Analysis and indication of the effect of transactions on the accounting equation of a company; all transactions affecting a company up to financial statements</p> <p>Integration of reporting and control of fixed assets</p> <p>Integration of ethical considerations relating to companies - roles of shareholders and directors, manipulation of share prices, corporate governance, etc.</p> <p>Integration of internal audit and control processes relating to companies</p> <p>Application of GAAP principles and IFRS</p>	
2 weeks (Weeks 8-9)	3. Financial accounting of companies - analysis and interpretation of financial statements	<p>Analysis and interpretation of Income Statement, Balance Sheet and Notes</p> <p>Revision of the following financial indicators:</p> <ul style="list-style-type: none"> • gross profit on sales • gross profit on cost of sales • net profit on sales • operating expenses on sales • operating profit on sales • current ratio • acid test ratio • stock turnover rate • stock holding period • average debtors' collection period • average creditors' payment period • solvency ratio. <p>Introduction and coverage of the following financial indicators:</p> <ul style="list-style-type: none"> • debt-equity ratio (gearing) • return on shareholders' equity • return on total capital employed • net asset value per share • dividends per share • earnings per share 	Textbook Accounting stationery

Week/Hour	Topic	Content	Recommended Resources
1 week (Week 10)	4. Financial accounting of companies - analysis of published financial statements	Analysis of a company's published financial statements and annual reports comprising Directors' Report, Independent Auditors' Report, Abridged Income Statement, Balance Sheet and Cash Flow Statement, together with additional information relating to governance and the company's activities.	Textbook Accounting stationery Published annual report (or extracts) of a public company

Term 1: Formal assessment		
Form of assessment	Written report	Test
Total marks	50	100

A project that will allow learners to analyse and interpret financial information or to answer problem-solving questions using critical and creative thinking is recommended. This task must be given to learners towards the end of term 1 and be submitted in term 2. Aspects of the task may be covered during class activities.

Daily assessment is important to monitor teaching and learning.

GRADE 12

TERM 2

Week/hour	Topic	Content	Recommended resources
½ week (Week 1)	1. Ethics	<ul style="list-style-type: none"> Understanding the role of professional bodies, e.g. South African Institute of Chartered accountants (SAICA) and South African Institute of Professional Accountants (SAIPA) Discussion of disciplinary and punitive measures that are applied for non-compliance with the Code of Professional Conduct Understanding the policies governing ethical behaviour in the financial environment, viz. King Code III Understanding the legislation governing companies: <ul style="list-style-type: none"> Basic principles in Companies Act, i.e. directors' performance evaluation, remuneration policies, dispute resolution, business rescue, conflict of interests, responsibilities of directors <p><i>This topic should be consolidated, having been integrated with other topics.</i></p>	Textbook Case studies/ scenarios Companies Act SAICA and SAIPA Codes King Code III (overview only)
½ week (Week 1)	2. Tangible/fixed assets	<p>Interpretation and reporting on the movements of fixed assets:</p> <ul style="list-style-type: none"> age of assets replacement rate life span of assets. <p>Integration of GAAP principles relating to fixed assets</p> <p>Integration of ethical issues relating to fixed assets</p> <p>Integration of internal audit and control processes relating to fixed assets</p>	Textbook Accounting stationery Newspaper adverts and articles
½ week (Week 2)	3. Financial accounting of close corporations	<p>Definition and explanation of accounting concepts unique to close corporations:</p> <ul style="list-style-type: none"> close corporation founding statement members loans to members loans from members distribution to members. <p>Identify differences in the financial statements of companies and close corporations, particularly with regard to terminology.</p>	Textbook

Week/hour	Topic	Content	Recommended resources
½ week (Week 2)	4. Internal control	<p>Application of internal control and internal audit processes in a business environment:</p> <ul style="list-style-type: none"> • means of gathering audit evidence • basis for gathering audit samples • basic sampling techniques • internal audit reports • accountable management of resources. <p>Understanding the difference between the roles of internal and external auditors</p> <p><i>This topic should be consolidated, having been integrated with other topics.</i></p>	Textbook Case studies
2 weeks (Weeks 3-4)	5. Inventory systems	<p>Validation, valuation and calculation of inventories of businesses using the perpetual and periodic inventory systems:</p> <ul style="list-style-type: none"> • specific identification (of cost price per unit) • first in, first out (FIFO) • weighted average <p>Integration of GAAP principles relating to inventories</p> <p>Integration of ethical issues relating to inventories</p> <p>Integration of internal audit and control processes relating to inventories</p>	Textbook Accounting stationery
2 weeks (Weeks 5-6)	6. Reconciliations	<p>Analysis and interpretation of bank, debtors' and creditors' reconciliations:</p> <ul style="list-style-type: none"> • reconcile creditors' statements with their personal accounts • reconcile debtors lists and creditors lists with control accounts • analyze and interpret debtors' age analysis • analyze and interpret bank statements and bank reconciliation statements. <p>Integration of ethical issues relating to cash, debtors and creditors: payment periods, interest, credit ratings, fraud, etc.</p> <p>Integrate internal audit and internal control issues relating to cash, debtors and creditors</p>	Textbook Accounting stationery Newspaper articles Examples of bank statements and debtors' & creditors' statements
1 week (Week 7)	7. Value Added Tax (VAT)	<p>Calculate the amount payable to or receivable from the South African Revenue Services (SARS)</p> <p>Completion of the VAT control ledger account from given information</p> <p>Integration of ethical issues relating to VAT</p> <p>Integration of internal audit and control processes</p>	Textbook Accounting stationery SARS brochures & VAT return forms Newspaper articles

Week/hour	Topic	Content	Recommended resources
1 week (Week 8)	Revision exercises	Revision of topics covered during first two terms.	Textbook exercises
2 weeks (Weeks 9-10)		Midyear examination	

Term 2: Formal assessment		
Form of assessment	Project	Midyear examination
Marks	50	300

Note: Term 2 formal task was given in term 1. Learners should complete the task for term 2 and submit it.

The content dealt with for term 1 and term 2 should be revised for the mid-year examination.

At the end of the 2nd term, learners must be able to analyse and interpret financial information and answer any problem-solving questions using critical and creative thinking. These include solving real-life problems within the context of the accounting curriculum.

Daily assessment is important for monitoring teaching and learning.

GRADE 12

TERM 3

Week/hour	Topic	Content	Recommended resources
3 weeks (Weeks 1-3)	1. Cost Accounting	<p>Definition and explanation of accounting concepts unique to a manufacturing business</p> <p>Preparation, presentation, analysis, interpretation and reporting on cost information for manufacturing enterprises:</p> <ul style="list-style-type: none"> • preparation of a production cost statement with notes for manufacturing costs • preparation of a short-form Income Statement with notes for administration cost and selling & distribution cost • calculation of gross profit on finished goods sold • calculation of variable and fixed costs • calculation of the cost of a product using variable and fixed costs • calculation of cost per unit • calculation of contribution per unit • calculation of breakeven point • calculation of total cost of production. <p>Integration of ethical issues relating to manufacturing: product quality, product age, raw materials, support for local products, pricefixing, theft, fraud, etc.</p> <p>Integration of internal audit and control processes relating to manufacturing</p>	Textbook Accounting stationery
3 weeks (Weeks 4-6)	2. Budgeting	<p>Analysis, interpretation and comparison of projected income statements for sole traders or companies.</p> <p><i>Projected Income Statement</i></p> <ul style="list-style-type: none"> • sales • cost of sales • expenses • income • profits <p>Analysis, interpretation and comparison of cash budgets for sole traders or companies.</p> <p><i>Cash Budget</i></p> <ul style="list-style-type: none"> • receipts • payments • debtors' collection • creditors' payment • cash balances <p>Integration of ethical issues relating to budgeting and projections</p> <p>Integration of internal audit and control processes relating to budgets and projections by comparing budget to actual figures</p>	Textbook Accounting stationery

Week/hour	Topic	Content	Recommended resources
2 weeks (Weeks 7-8)	Revision	Revision activities	Textbook exercises
2 weeks (Weeks 9-10)		Preliminary examination	

Term 3: Formal assessment			
Form of assessment	Test	Case study	Preliminary examination
Total marks	100	50	300

A trial examination should cover the entire curriculum and the structure of the question paper should resemble the final examination question paper.

Daily assessment is important for monitoring teaching and learning.

GRADE 12

TERM 4

Week/hour	Topic	Content	Recommended resources
4 weeks (Weeks 1-4)	Revision exercises	Revision of all topics in preparation for final examinations	Previous question papers Textbook exercises Exemplar papers Examination Guidelines
6 weeks (Weeks 5-10)		Final examination	

Term 4		
Year mark	Endofyear examination	Total
100	300	400

SECTION 4

4.1 What is assessment?

Assessment is a continuous, planned process of identifying, gathering and interpreting information about the performance of learners, using various forms of assessment. It involves four steps: generating and collecting evidence of achievement; evaluating this evidence; recording the findings and using this information to understand and thereby assist the learner's development in order to improve the process of learning and teaching.

Assessment should be both informal (Assessment for Learning) and formal (Assessment of Learning). In both cases regular feedback should be provided to learners to enhance the learning experience.

Assessment in Accounting gathers valid information about the learners' knowledge, skills, values, attitudes and ability to make meaningful and informed, personal, collaborative financial decisions in economic and social environments. The study and assessment of Accounting must not only cover the recording, reporting and interpreting of financial information but should also promote critical reflection on diverse Accounting issues.

Accounting covers valuable skills that prepare learners for success in a variety of careers. Teachers must take all these skills into account when planning teaching, learning and assessment activities. For example, the ability to make appropriate financial decisions in consultation with other stakeholders in a business context is crucial for learners to achieve success or exploit opportunities in the business environment.

4.2 Informal or daily assessment

Assessment for learning has the purpose of continuously collecting information on a learner's achievement that can be used to improve their learning.

Informal assessment is a daily monitoring of learners' progress. This is done through observations, discussions, practical demonstrations, learner-teacher conferences, informal classroom interactions, etc. Informal assessment may be as simple as stopping during the lesson to observe learners or to discuss with learners how learning is progressing. Informal assessment should be used to provide feedback to the learners and to inform planning for teaching, but need not be recorded. It should not be seen as separate from learning activities taking place in the classroom. Learners or teachers can mark these assessment tasks.

Self-assessment and peer assessment actively involve learners in assessment. This is important as it allows learners to learn from and reflect on their own performance. The results of the informal daily assessment tasks are not formally recorded unless the teacher wishes to do so. The results of daily assessment tasks are not taken into account for promotion and certification purposes.

4.3 Formal assessment

All assessment tasks that make up a formal programme of assessment for the year are regarded as Formal Assessment. Formal assessment tasks are marked and formally recorded by the teacher for progression and certification purposes. All Formal Assessment tasks are subject to moderation for the purpose of quality assurance and to ensure that appropriate standards are maintained.

Formal assessment provides teachers with a systematic way of evaluating how well learners are progressing in a grade and in a particular subject. Examples of formal assessments include tests, examinations, practical tasks,

projects, oral presentations, demonstrations, performances, etc. Formal assessment tasks form part of a year-long formal Programme of Assessment in each grade and subject.

The Programme of Assessment for Accounting in Grades 10 and 11 consists of seven tasks which are internally assessed. Of the seven tasks, the six tasks which are completed during the school year make up 25% of the total mark for Accounting, while the endofyear examination is the seventh task and makes up the remaining 75%.

In Grade 12, assessment consists of two components: a Programme of Assessment which makes up 25% of the total mark for Accounting and an external examination which makes up the remaining 75%. The Programme of Assessment for Accounting consists of seven tasks which are internally assessed. The external examination is externally set and moderated.

Formal assessment tasks form part of a yearlong formal Programme of Assessment in each grade and subject, are school-based and are weighted as follows for the different grades:

Grades	Tasks undertaken during the year	Endofyear examination
R - 3	100%	n/a
4 - 6	75%	25%
7 - 9	40%	60%
10 and 11	25%	75%
12	25%	External examination: 75%

The forms of assessment used should be age and developmental level appropriate. The design of these tasks should cover the content of the subject and include a variety of tasks designed to achieve the objectives of the subject.

Formal assessments must cater for a range of cognitive levels and abilities of learners, as shown below:

Table 1

Cognitive levels	Activity	Percentage of task
Knowledge and comprehension Levels 1 and 2	Basic thinking skills (e.g. factual recall, lowlevel comprehension and lowlevel application)	30%
Application and analysis Levels 3 and 4	Moderately high thinking skills (e.g. more advanced application, interpretation and lowlevel analysis)	40%
Synthesis and evaluation Levels 5 and 6	Higherorder thinking skills (e.g. advanced analytical skills, evaluation and creative problem-solving)	30%

4.4 Programme of Assessment Grades 10-12

The Programme of Assessment is designed to spread formal assessment tasks in all subjects in a school throughout a term. The requirements (number and nature of tasks) for Accounting are indicated below:

Grade 10 Programme of Assessment

	Term 1		Term 2		Term 3		Term 4		
Assessment	Presentation	Test	Project	Midyear examination	Case study	Test	Yearmark	Endofyear examination	Total
Total marks	50	100	50	200	50	100		300

4.4.1 Other forms of assessment

Project

A project in each of the grades in the FET band is mandatory. Only one project per annum is recommended per grade. When preparing a project, consider the following minimum requirements:

- Learners should be given the necessary guidance prior to commencement of the project and their progress must be monitored.

- Aspects of the project should be completed in class to enable teachers to monitor progress;
- All criteria used to assess the project must be discussed with the learners.
- Generally, projects are given a longer period of time to complete as they involve some form of research, consolidating and choosing relevant information and preparing a written document as evidence.
- Often projects can pertain to some form of problem; and
- Research may form part of the project - the project is the evidence of the research conducted. However, this is not always the case, e.g. the computerised accounting programme will not involve research but develop skills.

A suggestion is that projects are dealt with towards the end of a particular term (e.g. first term) for submission during the **next** term.

Presentation

Presentations can be written or oral, but there must be evidence of the presentation. All criteria used to assess the presentation must be discussed with the learners prior to the commencement of the presentation.

Where resources are available, the use of electronic presentations should be encouraged.

Case Study

Learners are presented with a real-life situation, a problem or an incident related to the topic. They are expected to assume a particular role in articulating the position. They would draw on their own experience, the experience of peers or prior learning to interpret, analyse and solve a problem or problems.

Newspaper articles, magazine articles, and TV or radio presentations form excellent case studies. Learners have to read and/or listen, digest the information and then make informed decisions. Questions can range from lower order - direct quotes from the article - to higher order when they are asked to analyse comments and possibly make suggestions.

Case studies are a very good way of keeping the subject up to date and relevant.

Report

A report is generally the written evidence of a survey, analysis or investigation. Generally, this will be shorter than a project and it is specific to the topic, e.g. a business has come to you for advice on whether the business is experiencing liquidity problems. Often it implies consulting with an expert for advice on some problem - therefore it links very well with problem-solving.

Tests

Two tests, written under **controlled** conditions, are prescribed for Grades 10-12. These tests should adhere to the following:

- they must be completed by all classes in the same grade on the same day;
- all learners write the same test, which is completed under examination conditions;
- questions must comply with yearend examination standards;

- where there is more than one teacher, agreement must be reached on the scope, as well as the date and time of the test;
- duration of each of these tests should be at least one hour for 100 marks;
- tests should cover the different cognitive levels as in examinations. See table on cognitive levels in section

4.4.2 Examinations

The following guidelines should be considered when constructing examinations:

- *Content*

Content stipulated specifically for the grade	80%
Content stipulated in previous grades which have an impact on assessment in subsequent grades	20%

- *Cognitive levels: Refer to Bloom's revised taxonomy: Remembering, Understanding, Applying, Analysing, Evaluating and Creating*

Basic thinking skills (e.g. factual recall, lowlevel comprehension and low-level application)	30%
Moderately high thinking skills (e.g. more advanced application, interpretation and lowlevel analysis)	40%
Higherorder thinking skills (e.g. advanced analytical skills, evaluation and creative problem-solving)	30%

- *Problem solving*

Approximately 10% of all examinations should address problem-solving questions using critical and creative thinking. These include the solving of real-life problems within the context of the Accounting curriculum.

These problem-solving questions must also cover a range of cognitive skills (lower, middle and higher order) to cater for all learners but within the context of the learners. For example, 'surface' problem-solving questions might involve recall or comprehension skills on familiar information while 'deep' problem-solving questions will generally involve creative solutions in new and unfamiliar scenarios falling within the ambit of the Accounting curriculum.

While ratio and analysis can form very interesting problem-solving questions, the topic of problem solving goes a lot further and should be integrated into all aspects of the curriculum so that the learners develop the skills to apply the knowledge acquired.

Guidelines for 'deep' problem-solving questions:

- Learners identify problems from Accounting information provided.
- Learners quote the relevant information to support their opinions on the problems.
- Learners provide valid and appropriate solutions.

Midyear examinations

Below is an outline of the structure of the mid-year examinations in each of the grades.

	Paper	Time	Marks	Topics
Grade 10	1	2 hours	200	In proportion to time devoted to each topic (as indicated in work schedule)
Grade 11	1	3 hours	300	
Grade 12	1	3 hours	300	

Trial examination (Grade 12 only)

A trial examination is one of the seven tasks of the Programme of Assessment for **Grade 12**. Ideally, the trial examination should cover the full scope of the Grade 12 curriculum and should model the final Grade 12 examination.

Below is an outline of the structure of the trial examination:

	Paper	Time	Marks	Content
Grade 12	1	3 hours	300	Full scope

End of year examinations

Grades 10-12 should write a 3hour examination of 300 marks as a final examination.

	Paper	Time	Marks	Financial Accounting	Managerial Accounting	Managing resources
Grade 10	1	3 hours	300	60% - 70%	5% - 10%	25% - 30%
Grade 11	1	3 hours	300	50% - 60%	20% - 25%	20% - 25%
Grade 12	1	3 hours	300	50% - 60%	20% - 25%	20% - 25%

4.5 Recording and reporting

Recording is a process in which the teacher documents the level of a learner's performance in a specific assessment task. It indicates learner progress towards the achievement of the knowledge as prescribed in the Curriculum and Assessment Policy Statements. Records of learner performance should provide evidence of the learner's conceptual progression within a grade and her/his readiness to progress or promote to the next grade. Records of learner performance should also be used to verify the progress made by teachers and learners in the teaching and learning process.

Reporting is a process of communicating learner performance to learners, parents, schools, and other stakeholders. Learner performance can be reported in a number of ways. These include report cards, parents' meetings, school visitation days, parentteacher conferences, phone calls, letters, class or school newsletters, etc. Teachers in all grades report in percentages against the subject. Seven levels of competence have been described for each subject listed for Grades R - 12. The various achievement levels and their corresponding percentage bands are as shown in the Table below.

Codes and Percentages for Recording and Reporting

Rating code	Description of competence	Percentage
7	Outstanding achievement	80 - 100
6	Meritorious achievement	70 - 79
5	Substantial achievement	60 - 69
4	Adequate achievement	50 - 59
3	Moderate achievement	40 - 49
2	Elementary achievement	30 - 39
1	Not achieved	0 - 29

Note: The seven-point scale should have clear descriptors that give detailed information for each level.

Teachers will record actual marks against the task by using a record sheet; and report percentages against the subject on the learners' report cards.

4.6 Moderation of assessment

Moderation refers to the process that ensures that the assessment tasks are fair, valid and reliable. Moderation should be implemented at school, district, provincial and national levels. Comprehensive and appropriate moderation practices must be in place for the quality assurance of all subject assessments.

Formal assessment (SBA)

Moderation at the school will be carried out at least once each school term by the Head of Department responsible for the subject. This moderation needs to take place before cluster, district, regional or provincial moderation. Teachers' portfolios and evidence of learner performance must be moderated to ensure that a variety of assessment tasks have been used to address various topics and that assessment covered a range of cognitive levels.
