COMPREHENSION

**Read the passage below and, in full sentences answer the questions that follow:** Last week, on Friday, our school had a football match with St. Anna Junior School, The match took place at that school. So we had to go to St. Anna Junior school. Some of us walked. Those who had some money took a taxi. The rest rode their bicycles.

I don't have my own bicycle. My friend Sansa gave me a ride on his. That morning it had rained seriously. There was a lot of mud on the way. At one time the wheels could not move. The mudguards were covered with mud. The brakes could not work. The peddles were hard to use. They were all mud. We decided to roll the bicycle. This was because the saddle was wet.

There was a group that travelled by a taxi. Half way the journey, the tyres could not move. The mud was very much. The windscreen couldn't be seen through. The wipers were faulty. Before they reached the venue, the vehicle stopped. The engine had developed a problem and the steering wheel failed to work.
